

SHOW YOUR COMMITMENT TO SAFETY

The U.S. Poultry & Egg Association (USPOULTRY), National Chicken Council (NCC) and National Turkey Federation (NTF) are proud to partner with the Occupational Safety and Health Administration (OSHA) for the national Safe + Sound Campaign. The Safe + Sound Campaign encourages every workplace in the U.S. to have a safety and health program, providing a proactive approach to identifying and managing workplace hazards before they cause injury or illness.

Successful programs include management leadership, worker participation and a systematic process for finding and fixing hazards.

CORE ELEMENTS OF SAFETY AND HEALTH PROGRAMS

1. Management Leadership

2. Worker Participation

3. Finding & Fixing Hazards

Throughout the year, the Campaign will provide access to free live webinars, educational content and local events that can help support the adoption of safety and health programs. These opportunities will all lead up to Safe + Sound Week, a nationwide event taking place Aug. 13-19, where businesses around the country host events or activities that can help initiate or energize a safety and health program. Safe + Sound Week is a great opportunity to show your commitment to safety.

SHOW YOUR COMMITMENT TO SAFETY

10 Ways to Get Your Program Started

1. Set safety and health as the top priority
2. Lead by example
3. Implement a reporting system
4. Provide training
5. Conduct safety inspections
6. Collect hazard control ideas
7. Implement hazard controls
8. Address emergencies
9. Seek worker input on workplace changes
10. Improve your safety program
